## SCOTT & PUCK

*“They’re like magicians...but funny!”*

*“Hip, laid-back and refreshing!”*

*- LA Weekly*

## ABOUT THE PERFORMERS

Scott and Puck are comedian magicians who use their artform of **laughter and amazement** to spark a dialogue about what's going on in the world today. As an added bonus, they always amaze with their offbeat illusions, out of the box stunts, and **smart comedy**.

They were both finalists on Americas Got Talent, are

current contributors to the Huffington Post and were featured on Penn & Teller's Fool Us on the CW network.

## ABOUT THE SHOW

The concept is unique, the performers different, and the result is pure entertainment from start to finish. This is **not your typical magic show** and they are in no way typical magicians. This is magic for grown-ups. These two are magical artists who offer hilarious and **culturally relevant** conjuring.

They flip the script on their hocus-pocus, focusing not only on the laughs, but also the meaning of the magic and how it relates to today's audiences.

Often their individual beliefs and upbringings cause tension, but they always manage to empathize with each other's points of view.
